

Attorney's Docket No. 022701-942Application No. 09/913,838

Page 2

AMENDMENTS TO THE SPECIFICATION:

Please add the following paragraph on page 7 between lines 5 and 6:

BRIEF DESCRIPTION OF FIGURES OF DRAWINGS

Fig. 1 is a graph showing actual and predicted styrene concentrations during the polymerization in Example 1;

Fig. 2 is a graph showing actual and predicted polymer concentrations during the polymerization in Example 1;

Fig. 3 is a graph showing the actual and predicted concentrations of styrene as a function of time for the polymerization in Example 1;

Fig. 4 is a graph showing the concentration of styrene during the polymerization in Examples 3a, 3b and 3c;

Fig. 5 is a graph showing the concentration of polymer during the polymerization in Examples 3a, 3b and 3c;

Fig. 6 is a graph showing pressure as a function of time for the polymerization in Examples 3a, 3b and 3c;

Fig. 7 is a graph showing the difference in the behavior of the pump used to introduce fraction B in Examples 4a and 4b;

Fig. 8 is a graph showing the concentration of polymer as a function of time for Examples 4a and 4b; and

Fig. 9 is a graph showing the concentration of styrene as a function of time for Examples 4a and 4b.
